Description

We are currently seeking highly motivated individuals to join our team as NCC Operators. As an NCC Operator, you will play a crucial role in monitoring and maintaining the efficiency of our network systems. The ideal candidate should possess a strong technical background, excellent problem-solving skills, and the ability to thrive in a dynamic and fast-paced environment.

Responsibilities

- Monitor network performance and identify any irregularities or disruptions.
- Respond promptly to network incidents and provide technical support to resolve issues.
- Coordinate with technical teams to implement network changes and upgrades.
- Execute predefined troubleshooting procedures to identify and resolve network faults.
- Collaborate with other departments to ensure seamless communication and data flow.
- Document all network-related activities, issues, and resolutions.
- Conduct regular checks on network security protocols and report any vulnerabilities.
- Participate in on-call rotations to provide 24/7 support for network emergencies.
- Stay updated on industry trends and technological advancements to enhance network operations.

Qualifications

- Bachelor's degree in Information Technology, Computer Science, or a related field.
- Proven experience in network operations or a similar role.
- Strong understanding of networking protocols, configurations, and troubleshooting.
- Proficient in the use of network monitoring tools.
- Excellent analytical and problem-solving skills.
- Effective communication and interpersonal skills.
- Ability to work independently and collaboratively in a team.
- Relevant certifications such as Cisco Certified Network Associate (CCNA) is a plus.

Job Benefits

- Competitive salary and performance-based bonuses.
- Comprehensive health and dental insurance.
- Retirement savings plans with employer contributions.
- Professional development opportunities and training programs.
- Flexible work schedules and remote work options.
- Employee assistance programs for well-being support.
